

City of Bloomington Investment Incentive Fund Operating Policies and Guidelines

I. BLOOMINGTON INVESTMENT INCENTIVE FUND (BIIF) DESCRIPTION

A. Statement of Purpose: The City of Bloomington seeks to expand economic opportunities while protecting the health of our environment and providing for the social equity of our citizenry. Working within this guiding framework of sustainable development, it is the intent of the City of Bloomington to assist in stimulating the economy and improving the quality of life in the community. One means of accomplishing this is by providing gap financing from the Fund to both new and expanding businesses and not-for-profit enterprises. This fund makes loans to eligible private businesses or not-for-profit organizations and makes grants to eligible not-for-profit organizations with the intention that such loans or grants will be instrumental in the creation and/or retention of jobs within new and existing enterprises, and that the projects funded will enhance the quality of life in the community. The loan or grant is not the primary source of financing for a project, however, the combination of public and private financing lessens the risk for the primary lender or investor and yields an overall lower cost of money for the borrower.

B. Goals and Objectives: The City of Bloomington seeks to work with healthy companies that have excellent potential for growth, will provide increased employment in the city and will help diversify the economic base. Further the **BIIF** seeks to:

1. Retain and attract enterprises that provide permanent jobs.

The area must be properly zoned and have or plan to have access to adequate infrastructure, including water, sewer, roads, and telecommunications. If the business is located within the AIFA or contiguous to the City’s corporate boundary and is eligible for annexation, then the applicant (and property owner, if different) must agree to voluntary annexation.
